

WOMEN'S CHAINSAW SAFETY COURSE

Saturday, May 18th

Tierra Amarilla, New Mexico

Come learn chainsaw safety, what safety gear is needed and what to look for when buying a chainsaw. Learn how to and buck and limb safely. Personal Protective Equipment required, can be provided if you don't have everything.

This free course will consist of a self paced online training followed by a field day on Saturday May 18th.

Topics will include:

- Personal Protective Equipment Review
- Other Safety equipment
- Buying and maintaining a saw
- Hands-on opportunity for limbing and bucking
- Assessing the safety of the cuts
- Demonstrations of safe felling techniques if time allows
- Answers to your chainsaw questions!
